Profile

Communication	Able to work within a team and with clients; fluent in both english and french
Learning	Adept at learning computer science skills and concepts
Hardworking	Produce efficient and applied work
Curiosity	Interested in machine learning, quantum computing, computational complexity, low-level programming, etc.

Skills

Programming	Fluency with multiple paradigms (object-oriented, declarative, functional, logical, etc.)
System	Limited experience with low-level (C et MIPS) and machine (VHDL) programming
Development	Experienced in designing and developing Java desktop applications with Maven
Web	Knowledgeable in front-end (Bootstrap, Javascript) and back-end (NodeJS, PHP, .NET) web application development
Mobile	Practical experience developing Android and React.js applications for mobile
Version Control	Proficient at using Git; with GitHub, GitLab or BitBucket
Database	Efficient in SQL query writing and database design
Linux	Knowledgeable at using a Linux operating system and command-line utilities

Education

UdeM (Université de Montréal)

BACHELOR IN COMPUTER SCIENCE

- Practical and theoretical problems related to software design and development
- Awarded a scholarship of excellence in the computer science department 2019-2020

Montreal, Quebec

Sept. 2019 - (May 2022)

Dawson College

DIPLOMA OF COLLEGIAL STUDIES IN COMPUTER SCIENCE

- Rapid Application Development for desktop, web and mobile environments according to industry standards

Montreal, Quebec

Sept. 2016 - May. 2019

Work Experience

Desjardins

SOFTWARE DEVELOPER

- Maintenance, exploitation and development with applications such as uCMDB, UD, SmartTrack and BigFix
- Apply ITSM processes in the ITIL v.4 framework

Montreal, Quebec

May 2021 -

Desjardins

IT SUPPORT TECHNICIAN

- Provide technical support for those working in Desjardins caisses
- Work in a team, along other teams, towards a common goal

Montreal, Quebec

May 2020 -

Bacon Financial Technologies (Hardbacon)

SOFTWARE DEVELOPER INTERN

- Develop and designing (with a team) a mobile application for portfolio management and financial counseling
- Meet deadlines for releases of versions matching the marketing campaign

Longueuil, Quebec

Apr. 2019 - May 2019

Extracurricular Activity

Code Club Canada

VOLUNTEER

- Develop a series of activities for kids to playfully learn how to code with Scratch
- Animate said activities, weekly, with a small group of kids

St-Philippe, Quebec

Sept. 2019 - April 2021
